NUMMER

To my dearest wife
Down so low
She quit me again
Cry on
Will I get off easy
The soul of a man
Rock 'n roll tonight
Ruler of my heart
Dirty man
I fall to pieces
Take me
Stand by your man
Learned a lot
That's all right

It's for you
Tennessee blues
I put a spell on you
Strongest weakness
Whatever it is
Living the blues
I can still remember
It hurts me too
Goin' to the church
Please send me someone to love
Younger days
I need all the help I can get
So many roads

Don't go no further
Waiting in the weeds
So many roads
Love won't come
Good at losing everything
Feel so bad
That's why I play the blues
Come see about me
Time to wait
Everyday will be like a holiday
All the pretty horses
Walk away
Simple man
