NUMMER

Move it on over

The long black veil

Don't stop by the creek son

Have I told you lately that I love You

Trouble

The lily of the west

Behind my eyes

He moved through the fair

Love me with a feeling

Tennessee waltz

I'm worried

The Magdalena laundries

Working man

Raglan Road

This is the thanks I get

Country blues

Goin' out west

Dark as a dungeon

Don't burn down L.A.

Don't let your deal go down

Closer to heaven

Whole heap of little horses

Can't stop these teardrops

I'll be all smiles tonight

Go down sunshine

Katie dear

Watch your step

Jordan is a hard road to travel

Blues Hotel

Hick's farewell

At night in the city

Lambs in the greenfield

I'm not your fool

Bandit of love

Ll't chip is missing

The squid jiggin' ground

No city like New Orleans

Three little babes

Breakaway

Talk about suffering
