NUMMER

Insane asylum

Working man

You send me

Gambler's blues

Shake

Reap what you sow

I think of you

The sound of my man

Part time love

Bring it on home to me

Looking back

Cupid

Walking the back streets and crying

Wonderful world

Have you ever had the blues

A change is gonna come

A fool for you

Somebody have mercy

It's my own fault

The smile

Wishin' and hopin'

As the years go passing by

Good times

Hold that train

Good news

Trouble trouble

Soothe me

Got to be some changes made

When I was young

My love will never die

You gonna miss me

So many roads so many trains

Alafia moon

The cat

Keep on lovin' me

Dyin' flu

I got the blues
