NUMMER

Why do fools fall in love When a man cries Blue moon How can I forget Crying in the chapel Crying man Barbara Ann Let's face facts

Change it

Mr. en Mrs. Untrue Tears on my pillow Kiss tomorrow goodbye A thousand miles away

Loser again The glory of love

How long must this fool pay

Little girl of mine Let's do it over

Don't ask me to be lonely The complete man I wonder why

What can I call my own

Little darlin'
You and you alone
At the hop
There's a fire

You're gonna reap just what you sow

Wishing for your love Somebody will

Summertime, summertime Every man needs a woman

Sixteen candles The sound of my man You were mine

Ain't nothing you can do

Darling Lorraine Cry baby Baby blue

He will break your heart

Glory of love

Something's got a hold on me

Heart and soul Mockingbird My memories of you

I love you more than words can say

Hey girl

The great imposter Part time love Runaround Sue Any other way

Under the moon of love

Mama didn't lie

The lion sleeps tonight Pain in my heart
